

Rugby program in a New Zealand School

What We Offer International Students

- Academic excellence
- Top quality education for students at all levels
- Traditional as well as progressive programmes
- Strong emphasis on examination results
- Sporting and cultural excellence
- Firm and fair discipline
- Sound guidance for boys

How we achieve this

A varied and flexible course structure

- Experienced and well qualified teachers
- Caring and involved staff
- A commitment to excellence in all endeavours
- Opportunities and challenges for boys
- Modern resources, buildings and equipment

Where Do Our Students Come From?

Timaru Boys' High School is home to students from many different parts of the world. Our international students come mainly from Thailand, Hong Kong, South Korea, Japan, Germany, India, the Pacific Islands and the People's Republic of China.

Activities

Outside of the normal school routines, numerous activities are organised. These may include ski trips, trips to local areas and other centres, Outdoor Education Camps, events that involve all South Canterbury International students, social occasions.

Academic Courses / ESOL

International students follow the academic courses provided for New Zealand students but with some changes tailored to meeting specific needs. The general academic programme for the school is set out in the Curriculum section of this website. Here you will find details of all courses offered from Year 9 through to Year 13. Under the guidance of the Director of International Students and a qualified teacher, the students undergo a full English as a Second Language course while at the same time being integrated into mainstream classes at the level their ability indicates.
